

When is battery & energy storage Indonesia 2025?

The 9th edition of Battery & Energy Storage Indonesia 2025 will be held on 23 - 25 April 2025 and is expected to present over 1,100 exhibiting companies and 25,000 trade visitors in 3 days. It will be notably serving as one of the ASEAN's most prospective one-stop platform for the rechargeable battery and energy storage industry. Want to Exhibit?

What is battery show Indonesia?

The Battery Show Indonesia is Organised by PT Pamerindo Indonesia, a part of Informa Markets. The battery exhibition is the largest international battery exhibition in Southeast Asia and provides a professional platform for the Indonesian battery and energy industry to do business.

How EV batteries can be used in off-grid areas in Indonesia?

Using battery storage with solar PV can help off-grid regions reduce diesel use, lower emissions, and create a sustainable energy solution. The growing adoption of electric vehicles (EVs) in Indonesia also further boosts the demand for BESS, which enhances EV charging infrastructure and repurposes EV batteries for secondary use.

What's new at InaBattery Indonesia?

InaBattery will be co-locating with InaTronics, SolarTech Indonesia, InaLight, Wire & Cable Indonesia and InaGreenTech. It will be notably serving as one of the Indonesia's most prospective one-stop exhibition for battery, electronics component, solar panel, lighting, cable, Eco-products and technology under one roof.

What is a battery exhibition?

The battery exhibition is the largest international battery exhibition in Southeast Asia and provides a professional platform for the Indonesian battery and energy industry to do business. Explore the latest products and solutions at the largest battery tech expo in Indonesia.

Why are EV batteries becoming more popular in Indonesia?

The growing adoption of electric vehicles (EVs) in Indonesia also further boosts the demand for BESS, which enhances EV charging infrastructure and repurposes EV batteries for secondary use. Moreover, Indonesia's leadership in nickel reserves, a key material for lithium-ion batteries, positions it as a global player in battery manufacturing.
