

Where is the Cape Verde wastewater treatment plant?

Santa Maria, a high-traffic tourist and travel location in Sal on Cape Verde, saw the inauguration of a 2010 Wastewater Treatment Plant. With the help of new management and a working operating system that connects to local sewage networks, the plant is now fully functioning.

What are the facilities in Cape Verde?

The facilities in Cape Verde are limited- it's a 3rd world country. You don't mention which island you are going to. If it's Sal, there's a pharmacy and basic hospital on the island. For more serious emergencies, Cabo Verde Express run an emergency air transport service using one of their planes, which will transfer you to Lisbon if need be.
