

Since its creation in 2014, Harbour has grown to become one of the world's largest and most geographically diverse independent oil and gas companies. Significant production in Norway, UK, Argentina, North Africa and Germany.

Energy storage is of particular interest to large energy-intensive businesses, especially those who need to ensure electricity reliability and availability. For corporations operating in markets with unreliable grid infrastructure or in remote environments, it can also help eliminate the need to rely on backup generators which often run on diesel.

Power plant profile: Toledo City Pumped Storage HPP, Philippines. Brought to you by. Toledo City Pumped Storage HPP is a 250MW hydro power project. It is planned in Central Visayas, Philippines. According to GlobalData, who tracks and profiles over 170,000 power plants worldwide, the project is currently at the permitting stage.

Our origins and heritage. Harbour Energy was founded by private equity firm EIG Global Energy Partners in 2014 with a goal to build a new, global independent oil and gas company through acquisition of cash generative, producing assets, ...

Led by Harbour Energy (60% interest, operated), with non-operated partner bp (40% interest), Viking aims to transport and store CO<sub>2</sub> in secure offshore storage sites in the UK's Southern Gas Basin. In 2023, Viking was selected in Track 2 of the UK government's regulatory process.

According to the "Statistics", in 2023, 486 new electrochemical energy storage power stations will be put into operation, with a total power of 18.11GW and a total energy of 36.81GWh, an ...

A diverse and inclusive working environment supports our ability to recruit, retain and promote staff based on competence and regardless of age, disability, gender, marital status, maternity, race, religion and belief, and sexual orientation.

Harbour Energy has a 60% operated interest in the Havstjerne CO<sub>2</sub> storage licence. Harbour Energy acquired its interest in Havstjerne through its acquisition of the Wintershall Dea asset portfolio in 2024. Havstjerne is located in the southern part of the Norwegian Sea, approximately 100 km southeast of Egersund and in close proximity to ports ...
