

Honduras has shown its commitment to deploying more renewable energy, with ambitious plans for transforming the energy sector. These include efforts to develop long-term ...

Transmission system operator (TSO) Terna estimates Italy will need 9GW/71GWh of new energy storage to integrate its growing renewables pipeline, an average duration of just under 8 hours. That duration will be split ...

In autumn 2024 two draft regulations were published regarding state aid for large-scale electricity storage systems (BESS), one from the Modernisation Fund ("MF") 1 - and the ...

Renewable generation now accounts for 22% of Honduras' electricity mix, but growth has been limited by its transmission system operator (TSO) CND to ensure quality and ...

Honduras has launched a consultation on regulatory changes to its electricity network to help better integrate energy storage, which it said is key to maintaining the stability, efficiency and ...

California. Perhaps the best-known state-level storage incentive in the U.S. is California's Self-Generation Incentive Program (SGIP), which provides a dollar per kilowatt (\$/kW) rebate for the energy storage installed. While the ...

A new subsidy scheme for residential solar-plus-storage installs is now live in Bavaria. The state in southern Germany will provide EUR500 (US\$550) for a storage system of at least 3kWh and a further EUR100 (US\$110) for each ...

Honduran state-owned utility ENEE has awarded the contract to supply a grid-connected 75 MW/300 MWh BESS to Chinese state-backed wind company Windey and local ...

The energy storage arm of Chinese solar PV inverter manufacturer Sungrow announced the signing of an agreement earlier this week with renewable energy company MSR-Green Energy (MSR-GE) for the ...

A panel discussion on the Polish market at the recent Energy Storage Summit CEE in Warsaw. Image: Solar Media . The European Commission (EC) has approved a EUR1.2 billion (US\$1.32 billion) state aid ...

The 45X advanced manufacturing production tax credit (PTC) is part of a swathe of tax credits, and new provisions for monetising them, brought in as part of the Inflation Reduction Act (IRA), the country's US\$369 billion ...

This new subsidy aims to reduce the Netherlands' dependence on other countries to procure these components. A consultation has been opened until 3 March 2024 and can be accessed [here](#) (in Dutch). The consultation ...

New program will support the reform process that will encourage the participation of renewable energy, reducing losses and public sector deficit The electricity sector in Honduras ...

The Ministry of Energy in Hungary will provide grants for the deployment of energy storage projects, with some 1GWh targeted by 2025. From June, system operators and distribution companies will be able to apply for ...

The government is already known to be keen to support the development of large-scale energy storage system facilities as a key tool for integrating the 500GW of non-fossil fuel ...

Croatia will provide some EUR500 million (US\$534 million) in subsidies for battery energy storage system (BESS) technology, a government minister has said. Minister of Economy and Sustainable Development Damir ...

The production of renewable power in Honduras has surpassed that from thermal sources, the National Company for Electrical Energy (ENEE) announced recently. ... Poland ...

The European Union is directly supporting energy storage subsidy and tender schemes in several Member States. Notable recent examples include a 5.4GWh programme in Poland, a 3GWh tender scheme in Bulgaria, and ...

Operating subsidy of EUR0.14-29 per kWh. The funds will provide an operating subsidy to projects for each kWh of energy they discharge into the electricity market during peak demand hours when there is typically a ...

Cyprus policy framework for the integration of energy storage systems follows funding agreement with the European Commission (EC). ... Anthony Albanese, leader of the Australian Labor Party, has pledged to ...

As part of that programme, the state has set a target of 20GW of energy storage deployed by 2030. See all Energy-Storage.news coverage of the Spanish energy storage market [here](#). Energy-Storage.news" publisher Solar ...

The nearly 50GW of battery storage that could be online by 2037 will increase the wholesale market revenues for wind and solar assets and thereby reduce the amount of ...

Details Battery Storage Subsidies in Japan Introduction In the Sixth Strategic Energy Plan, published by the Japanese Government in October 2021, targets are set to (a) ...

Synchrostor and Cheesecake Energy are to receive \$9.4 million each to fund thermal energy storage systems and Invinity Energy Systems receiving \$11 million to develop a vanadium flow battery. It is the latest round ...

The company announced the approval for the "Green Turtle" battery energy storage system (BESS) project last week and said that it can now proceed with project financing. This article ... (US\$107 million) in operating ...

The 480-module lithium BESS in Bastogne was built with Fluence's Gridstack products. Image: BSTOR. In April, an inauguration was held for the 10MW/20MWh EStor-Lux battery storage project in Bastogne, Belgium, ...

CIF's investments in Honduras are through its Scaling up Renewable Energy Program (SREP), Pilot Program for Climate Resilience (PPCR), and Forest Investment Program (FIP). Activities include upgrading ...

Idaho Power has overcome a huge hurdle facing its plan to deploy a 200MW/800MWh Battery Energy Storage System (BESS) in the City of Boise by the end of next year. PacifiCorp looks to add 3,073MW of multi-day duration ...

Paris-based renewables independent power producer (IPP) Total Eren is moving ahead with its first project in Honduras, a 112-MW wind farm, which will be built in San Marcos de Colon in the Choluteca Department.

According to statements from the Minister of Mines, Erick Tejada, the obligations assumed by Windey-Equinsa after being awarded the contract include the study, design, ...

Energy-Storage.news" publisher Solar Media will host the inaugural Energy Storage Summit Central Eastern Europe on 26-27 September this year. This event will bring together the region's leading investors, ...

Six separate companies have submitted bids to build the 4-hour BESS project, and it will be implemented next year after evaluation and award phases are completed, Carbajal said. The Amarateca substation belongs to ...
