

Latest energy storage industry bidding announcement

What is the largest energy storage procurement in China's history?

The tender marks the largest energy storage procurement in China's history. In what is described as the largest energy storage procurement in China's history, Power Construction Corporation of China (PowerChina) is targeting an unprecedented cumulative storage capacity of 16 GWh. The bids were opened on December 4.

How much does energy storage cost in China?

In what is described as the largest energy storage procurement in China's history, Power Construction Corporation of China (PowerChina) is targeting an unprecedented cumulative storage capacity of 16 GWh. The bids were opened on December 4. The tender attracted 76 bidders, with quoted prices ranging from \$60.5/kWh to \$82/kWh, averaging \$66.3/kWh.

What happens if a supplier is shortlisted for energy storage system equipment?

In the future, as specific projects are implemented and procurement needs clarified, the shortlisted suppliers will be directly invited to engage in secondary competition, either through negotiated procurement or competitive bidding, to determine the final supplier for the required energy storage system equipment.

What is PowerChina's storage initiative?

This storage initiative is part of PowerChina's broader equipment procurement plan announced on November 13, which also includes 51 GW of solar modules, 51 GW of inverters, 25 GW of wind turbines, and 15,240 prefabricated 35kV substations.

The Minister of Electricity and Energy, Hon. Dr. Kgosientsho Ramokgopa, announced the appointment of 8 (eight) Preferred Bidders under the Renewable Energy Independent Power Producer Procurement Programme ...

On November 28th, the official website of China Huaneng Group Co., Ltd. (referred to as China Huaneng Group) announced the bidding results of the 2023-2024 energy storage system ...

On October 16th, the bidding announcement for the procurement and service of DC side equipment for the 4MW/24MWh all vanadium flow battery energy storage system of ...

View energy storage tenders, RFPs and contracts. Bid on readily available energy storage tenders with the best and most comprehensive tendering platform, since 2002. ...

The Department of Mineral Resources and Energy (DMRE) invites bids under the Second Bid Window of the Battery Energy Storage Independent Power Producers Procurement Programme for 615MW (2,460MWh) battery ...

Latest energy storage industry bidding announcement

The bids have come from 28 companies, with two bidding for multiple sites. The bidders include France's TotalEnergies, which has made several submissions. The third ...

Latest Energy Storage RFPs, bids and solicitations. Bid on readily available Energy Storage contracts with the best and most comprehensive government procurement platform, ...

Booming U.S. energy storage installation grows 90% year-over-year Across all segments, the U.S. energy storage industry deployed 8.7 GW, a record-breaking growth of 90% year-over ...
