

Latest news from the southern industry energy storage exchange forum

What's happening with energy storage in 2024?

The start of 2024 saw the Edwards & Sanborn project, featuring 3,287MWh of battery storage alongside 864MW of solar PV, come fully online. Image: Terra-Gen As we welcome the end of another exciting, if sometimes challenging year, here are the most-read news stories on Energy-Storage.news for 2024.

What is energy storage South?

Energy Storage South launches in the next hub of clean energy, battery and EV growth--the U.S. Southeast. Co-located with The Battery Show and Electric & Hybrid Vehicle Technology Expo South, Energy Storage South will feature an expanded focus on the energy storage systems pivotal for H/EV, renewables, commercial buildings, and critical facilities.

What's going on at the Energy Storage Summit Australia 2025?

NSW's BESS pipeline, PHES in Tasmania and the 'home of utility-scale storage' were discussed at the Energy Storage Summit Australia 2025. ESN Premium discusses the ongoing adaptation of EV battery lines to stationary storage applications with Jaehong Park, CEO of LG ES Vertech.

Is Sineng electric launching a new power station in China?

Sineng Electric has announced that a 150MW/300MWh standalone energy storage power station in Guangxi, China, has been brought online. Sungrow has announced the first delivery of its cutting-edge PowerTitan 2.0 BESS in Europe.

Which battery energy storage projects have been successful in Western Australia?

2.6GWh of utility-scale battery energy storage projects have been successful in Western Australia's first Capacity Investment Scheme tender. Energy storage developer Energy Vault is set to fully acquire the 125MW/1GWh Stoney Creek battery energy storage system (BESS) in New South Wales, Australia, from Enervest Group.

Who owns a 150MW battery energy storage system?

Developer Peregrine Energy Solutions has secured US\$168 million for a 150MW battery energy storage system (BESS) currently under construction. This site is operated by a business or businesses owned by Informa PLC and all copyright resides with them. Informa PLC's registered office is 5 Howick Place, London SW1P 1WG.

ETN news is the leading magazine which covers latest energy storage news, renewable energy news, latest hydrogen news and much more. This magazine is published by CES in collaboration with IESA. Customized ...

The Government of South Australia supports energy storage projects through programs and funding. The \$50

Latest news from the southern industry energy storage exchange forum

million Grid Scale Storage Fund and South Australia's Virtual Power Plant are key components of the South Australian government's energy policy. Existing Energy Storage Projects: Hornsdale Power Reserve (Tesla Big Battery) 100 MW

Energise your strategy by accessing the latest industry know-how at the World Energy Storage Forum. Taking place right on the exhibition floor, the Forum will highlight how the current and future industry challenges are being tackled today with innovative clean technologies and global partnerships. This is a unique opportunity for you to hear directly from industry leaders sharing ...

EPRI, in collaboration with Southern Company and Storworks, has recently completed testing of a pilot concrete thermal energy storage (CTES) system at Alabama Power's Ernest C. Gaston...

Latest news on energy storage projects, BESS, capacity expansion, and regulatory updates across Europe, US & Canada, Latin America, and Asia Pacific. Discover how energy storage solutions support renewable energy ...

Share the latest information in the energy storage industry and offer tips to help customers learn, find and solve particular problems and running an efficient energy storage products finally. ...

Deeper, hotter geothermal power could be key to the energy transition. Canary Media went on-site to see how one startup aims to achieve that using electromagnetic beams. 2 California's utility bill crisis is clear to all.

The latest LNG news, industry trends and events from LNG Industry magazine, including LNG terminals, shipping, natural gas and liquefaction. For full functionality of this site it is necessary to enable JavaScript.

Find out about all the upcoming events in the battery and energy storage industry, from product launches and exhibitions, to forums and seminars. ... International Trade Show For Battery Recycling & Raw Materials Recovery ...

African Energy set up the Africa Investment Exchange (AIX) in 2014 to establish an enduring dialogue for investors and energy industry professionals, with the aim of stimulating business engagement and long-term partnerships. ...

Stay updated on global energy and commodity news, including trends in oil, natural gas, metals, and renewables, impacted by geopolitical and economic shifts. ... Latest News. Infographics. Topics.
