

LONGi has announced an agreement with European distributor Energy 3000 for the further supply of 100MW of its Hi-MO X10 modules, following a previous 1.5GW framework contract between the two parties.

LONGi Hydrogen is a global leading green hydrogen production and solution provider, with focus on alkaline electrolysis technologies. Leveraging on technological innovation, LONGi Hydrogen is dedicated to driving the ...

Shanghai,China- June 14 th-At the 17th International Solar Photovoltaic and Smart Energy (SNEC) Conference and Exhibition in Shanghai, ACWA Power and LONGi signed a framework agreement. This landmark ...

We must steadfastly commit to enhancing quality, efficiency, and innovation, driving the high-quality evolution of new energy," said Zhong Baoshen, chairman of LONGi Green Energy, ...

The journey of LONGi in selecting energy storage solutions illustrates a comprehensive embrace of innovation and sustainability within the energy sector. By focusing ...

The Chinese manufacturer LONGi aims to shake up the global solar industry with a new 24.8% efficiency rating for its Hi-MO 9 solar module.

Join LONGi, a leader in solar technology, at the forthcoming IESNA 2025--an event at the forefront of the clean energy revolution. This pivotal conference brings together solar professionals and thought leaders from ...

Join us at our booth to witness one of our latest and most innovative products, Hi-MO 6! This cutting-edge solar technology represents a significant leap forward in efficiency ...

With the goal of safety, green and high efficiency, Longji source network load storage integration innovates the power production and consumption mode, explores the ...

January 21st, 2025 - The World Economic Forum Annual Meeting, also known as the Davos Conference, kicked off on January 20th in Davos, Switzerland. This year's meeting, themed " Collaboration for the Intelligent Age," has attracted ...

February 27th, 2025 | Jiangsu, China -On February 27,2025, Li Zhenguo, founder and president of LONGi Green Energy Technology Co., Ltd. (LONGi), attended the China Photovoltaic and ...

Comply with policies, and promote the efficient collaboration between new energy vehicles and renewable energy. ... Providing power source with LONGi clean energy | Providing sufficient application scenarios for power ...

LONGi Green Energy Technology Co., Ltd. was established in 2000 and is committed to becoming the most valuable solar energy technology company in the world. Click and learn more about LONGi.

Mete Coban, Deputy Mayor of London for Environment and Energy, Greater London Authority, explaining how the £500m GLA fund is transforming London's energy landscape. Bill Esterson MP, Chair of the ...

LONGi has announced that it has established new cell efficiency world records of 26.56% for a p-type HJT cell and 26.09% for an indium-free HJT cell, based on an M6 full-size mono-crystalline silicon wafer and its self ...

Since 2015, LONGi has located its operations in Kuching, Malaysia, to utilize the abundant local hydropower resources to provide clean energy for its facilities. LONGi plans to integrate solar power plants with pumped storage in ...

Li Zhenguo, founder and president of LONGi Green Energy Technology Co., Ltd. (LONGi), recently attended the China Photovoltaic and Energy Storage Original Technology ...

LONGi Hydrogen, a wholly-owned subsidiary of China's solar giant LONGi Green Energy Technology Co., Ltd. (LONGi), officially launched its new generation of alkaline electrolyzed water hydrogen production equipment ...

The agreement marks an important milestone for LONGi and Energy 3000 to further strengthen their partnership. According to the agreement, LONGi will continue to supply 100MW of Hi-MO X10 modules to Energy 3000 ...

Illinois families and businesses could see lower energy bills under HB3758/SB2497, a newly filed bill by Sen. Bill Cunningham (D-Chicago) and Rep. Marcus Evans (D-Chicago). The bill would save consumers \$2.4 billion on ...

Shanghai, China - June 14th - On June 14th, at the highly anticipated 2024 SNEC Expo in Shanghai, LONGi Green Energy Technology Co., Ltd. (hereinafter referred to as "LONGi ") announced a major breakthrough in ...

The total investment of the project is \$0.92 billion, and the construction site is located in the west of Jilin (Da'an) Clean energy chemical industrial park, the project will build a total installed capacity of 800MW of wind ...

,??"?"?"?, ...

As a rookie in the field of energy storage, JinkoSolar announced at the beginning of this year that it would strive to become the world's top three energy storage suppliers within 3 ...

LONGi Energy Storage has harnessed cutting-edge technology to revolutionize the energy storage market. The company specializes in lithium-ion battery systems, which have ...

Certified by the Institute for Solar Energy Research Hamelin (ISFH) in Germany, the company's self-developed back-contact crystalline silicon heterojunction solar cell (HBC) ...

Supported by flexible energy storage and other advanced technologies as well as innovative policy mechanisms, efforts can be made to optimize the actual load demand and ...

1. Recent innovations have propelled LONGi into a competitive position in the global energy storage market,
2. Their integration of solar technology with battery solutions ...

A new generation of residential solar-plus-storage systems, the LONGi eHome consists of PV modules, a system for racking them, inverters, energy storage, and an ...

Speech by Mr. Li Zhenguo, President of LONGi Group. The launch of Germany's Renewable Energy Act or EEG (German: Erneuerbare-Energien-Gesetz) in 2004 opened the ...

Manila, Philippines, September 21, 2023 - LONGi recently attended the Philippines Renewable Energy Summit 2023 in Manila, showcasing its advanced products and solutions. The event focused on vital topics such ...

LONGi announced on April 11 th at its Wuhu base in Anhui Province that its independently developed Hybrid Interdigitated-Back-Contact (HIBC) crystalline silicon solar cell has achieved a groundbreaking photoelectric ...
