

The pre-licensing comes after key regulatory changes including an EMRA ruling in 2021 that energy companies should be allowed to invest in energy storage. Last year, energy ...

The solar plant is a major development for South Sudan, which has an electricity access rate of 8.4% (as of 2022) ... A public-private partnership in South Sudan has launched ...

A just-commissioned solar and battery storage system will reduce diesel consumption by at least 80% at a base for 300 humanitarian workers in South Sudan, ...

Accordi to Embassy of the Republic of Turkey, Turkey has introduced a number of incentives and regulations to achieve its goal of 80 gigawatt-hours (GWh) of energy storage by ...

The company confirmed 2023's "weak revenue environment" with a 38% fall in revenues to ₺38.7 million (US\$48 million), a 47% fall in EBITDA and the fund swung to a ₺110 million loss from a ₺217 million profit the prior year. ...

IPP Polat Energy is deploying multiple renewables-plus-BESS projects in Turkey, and has ordered a 132MWh BESS from the system integration arm of Rolls-Royce for one of them. Polat announced the order today (15 ...

Ezra Group, a South Sudan family-run conglomerate, on Monday announced the launch of a 20-MW solar power plant with a 14-MWh battery energy storage system in South Sudan, marking the country's first major ...

The Turkish market is "now fully open," Tokcan says: "If you wanted to invest in 10MW, 20MW of energy storage in Turkey, you are fully able to participate in ancillary services". The ancillary services market has been ...

The 20 MW solar plant can generate sufficient power to supply electricity to up to 16,000 households in Juba, significantly reducing energy costs and bolstering grid reliability. ...

Renewable energy project developer Marg&#252;n Enerji is partnering with OEM Huawei to deploy a 2MW battery energy storage system (BESS) at a solar plant in Turkey. Marg&#252;n Enerji made an application with the Energy ...

Back in March, Energy-Storage.news heard from Tokcan that the energy storage market in Turkey was "fully open".That came after the country's Energy Market Regulatory Authority (EMRA) ruled in 2021 that energy

...

A 238.5MW/477MWh standalone battery energy storage system (BESS) has been commissioned in South Australia, and an optimisation deal signed for another of the state's largest BESS assets. ... Energy Storage ...

Distributed renewable energy, or decentralized energy access, brings power directly to rural and underserved communities without relying on a centralized grid. This approach not only accelerates electrification but also ...

"The accompanying BESS [14MWh] stores energy generated by the solar plant, enabling on-demand power supply, stabilising the grid and enhancing the reliability of ...

Gresham House manages Gresham House Energy Storage Fund, listed under the GRID ticker on the London Stock Exchange. It is the UK's largest battery energy storage system (BESS) owning entity. ... System integrator ...

The 20 MW solar plant can generate sufficient power to supply electricity to up to 16,000 households in Juba, significantly reducing energy costs and bolstering grid reliability. The accompanying BESS stores energy ...

Gresham House announced the conditional acquisition of the 30MW Byers Brae battery storage project in Scotland on 24 Decemeber 2020, currently being developed by ...

Distributed renewable energy, or decentralized energy access, brings power directly to rural and underserved communities without relying on a centralized grid. This approach not ...

Gresham House Energy Storage Fund has energised a 50MW/50MWh battery energy storage system (BESS) in Lancashire. Situated in Penwortham, south-west of the county capital Preston, the 1-hour duration ...

Gresham House Energy Storage Fund has completed its investment in the 50MW/75MWh Thurcroft battery storage site. It has been acquired from Gresham House ...

A just-commissioned solar and battery storage system will reduce diesel consumption by at least 80% at a base for 300 humanitarian workers in South Sudan, managed by the UN's International...

Norwegian firm Scatec Solar has linked up with the International Organization for Migration (IOM) to provide a solar-plus-storage system to one of its humanitarian operations in ...

Scatec and Kube are developing more projects in South Sudan and in other emergency zones in the region, as well as in West Africa. Previously, Scatec Solar has signed agreements with an international agency for two ...

The pre-licensing comes after key regulatory changes including an EMRA ruling in 2021 that energy companies should be allowed to invest in energy storage. Last year, energy laws were adapted to allow power producers to ...

It recently took the bold decision to enter into a two-year tolling deal with utility Octopus Energy, whereby Octopus will pay it a fixed fee and take on operation and revenues for around half of GRID's portfolio, totalling ...

Battery energy storage fund Gresham House has released annual accounts for the first half of 2023, showing lower H1 2023 revenues and a drop in share value. In 2022, the ...

UK battery energy storage system (BESS) investment fund Gresham House Energy Storage Fund has announced its half-year results to the end of June 2024. Operational capacity in MWh increased 46% year-over ...

Octopus Energy will use the BESS projects' batteries at a price determined by the duration of the assets - expressed in hours - though it excludes Capacity Market payments the projects will receive separately.. ...

Why recent awards of pre-licensing for large-scale projects in Turkey mean a "very promising market" for energy storage is about to open.

Ezra Group, a South Sudan family-run conglomerate, on Monday announced the launch of a 20-MW solar power plant with a 14-MWh battery energy storage system in South ...

The trading updates of both funds were covered in more detail by Energy-Storage.news' sister site Solar Power Portal; see Gore Street's here and Gresham House" ...

Gresham House through its Gresham House Energy Storage Fund plc, meanwhile, continues to expand its presence in the UK battery storage market. It October, it reported a 53.5% increase in net asset value (NAV) to ...
