What is Kuwait doing in 2040?

Kuwait is also focusing on ramping up gas production as part of its 2040 growth strategy. (File photo) Kuwait Integrated Petroleum Industries Company (KIPIC) announced on Monday it had received its first LNG shipment at Al-Zour import terminal, as the facility prepares to start operating its permanent units soon, state news agency KUNA reported.

Why is Kuwait focusing on gas production in 2040?

Kuwait has been increasingly relying on imported gas to meet local power demand, especially during summer when air conditioning usage soars, but it is also focusing on ramping up gas production as part of its 2040 growth strategy.

How many BCM a year will Kuwait get LNG?

Kuwait signed a 15-year agreement with Shell and Mitsui in 2020 to secure a total of 8 bcm/year of LNG until 2035, and another set of contracts with Qatar Petroleum and Qatargas running from 2022 to 2037 for 8 bcm/year.
