

Thoughts from the energy storage conference

What is the energy storage global conference?

The Energy Storage Global Conference offers the opportunity to industry, researchers, and policymakers to exchange views and debate key issues faced by the energy storage sector. The 3-day conference will also explore the extent to which energy storage can help avoid dependency on fossil fuels in order to balance the electricity system.

Why is China promoting energy storage at the 2025 two sessions?

The buzzword "energy storage" at the 2025 Two Sessions underscores China's strategic focus on building a resilient, sustainable, and diverse energy system, contributing new efforts to a sustainable global future. The country's progress in new-type energy storage highlights how innovation can drive both economic and environmental progress worldwide.

What is EASE Energy Storage Journal?

Organiser: The European Association for Storage of Energy -- EASE Energy Storage Journal (business and market strategies for energy storage and smart grid technologies) is a quarterly B2B publication that covers global news, trends and developments in energy storage and smart grid markets.

Is energy storage a good idea for small businesses?

On a smaller scale, energy storage is unlocking new economic opportunities for small businesses. By integrating renewable power with agriculture, individuals can store and supply excess energy, enhancing national grid resilience and diversity while generating profit. China has been a global leader in renewable energy for a decade.

What is new-type energy storage?

This year, "new-type energy storage" has emerged as a buzzword. Unlike traditional energy, new energy sources typically fluctuate with natural conditions. Advanced storage solutions can store excess power during peak generation and release it when needed, enabling greater reliance on renewables as a primary energy source.

The industry is in the midst of an "energy storage decade": Just as EES has evolved from an "appendage" of Intersolar to a strong independent exhibition and conference, the ...

This year's edition of the ESGC will feature keynote speeches and presentations delivered by high-level speakers and key energy professionals from all over the world, and will include insightful panel discussions that cover the ...
