

## **Unit b 17th floor china energy storage building**

Is XYZ storage a national high-tech enterprise?

XYZ Storage's proprietary SEC-2000 Energy Storage Monitoring and Energy Management System passed China's national certification. The first FCAS (Frequency Control Ancillary Services) project, Jiangsu Changshu 30MW/30MWh Thermal Power FCAS BESS project was successfully delivered. XYZ Storage was rated as "National High-tech Enterprise".

Who is XYZ storage?

XYZ Storage was founded. Shandong Haiyang 100MW/200MWh Energy Storage Power Station was successfully delivered, and this project adopted XYZ Storage's proprietary SEC-2000 Energy Storage Monitoring and Energy Management System. The first CES (China Electrotechnical Society) group standard compiled by XYZ Storage was issued.

Which energy storage power station was awarded 2022 top 10 innovative paradigms?

Shandong Haiyang 100MW/200MWh Energy Storage Power Station was awarded "2022 Top 10 Innovative Paradigms in Energy Storage Application". XYZ Storage's proprietary AIOPS-2000 Intelligent Operation Platform For Energy Storage And Centralized Control was put into running.

Which energy storage system is best?

XYZ Storage 1500V Liquid-cooled Energy Storage System was conferred "The Best System Integration Solution Supplier Award of 2023", and Shandong Yishui County's 300MW/600MWh independent energy storage power station (Phase I) was conferred "The Best Grid-side Application Scenario Innovation Project Award of 2023".

What is XYZ storage centralized control center?

XYZ Storage Centralized Control Center was officially put into service, providing centralized monitoring and remote O&M services for BESS projects under the management of CPID (China Power International Development Corp., Ltd.).

How XYZ storage traded in electricity spot market?

XYZ Storage traded in the electricity spot market for the first time and completed the day-ahead trading through AIOPS-2000 Intelligent Operation Platform For Energy Storage And Centralized Control at "Bingfang SDIC BESS Station". XYZ Storage's proprietary PCS rolled off the production line at Fangshan Factory.

The construction growth rate during 2019 and 2020 was 2.6% instead of the predicted 3.2%, a slowdown associated with the COVID19 pandemic and the decrease of the ...

Sunplus New Energy Technology is located in Shanghai, China, committed to the R& D, Production, and Sales of new energy power supply equipments. We have a broad product line dedicated to providing

## Unit b 17th floor china energy storage building
